LEARN TO SWIM COURSES

Parent and Child Aquatics (16 - 47 months)

Parents and children learn together to increase a child's comfort level in the water and build a foundation of basic skills, such as arm and leg movements and breath control. The two levels are fun-filled and help introduce water safety concepts, encouraging a healthy recreational habit that your entire family can enjoy. Class is held in the evening only, and class size is limited to 20 students.

Preschool Aquatics (4 to 5 years old)

Throughout the three levels, preschool-age children are taught basic aquatic safety and swimming skills, all the while increasing their comfort level in and around the water. Skills are age-appropriate, helping children achieve success on a regular basis and enjoy social interactions with other children. As in all Swimming and Water Safety courses, your child will always know that it's safety first.

Level 1—Orients children to the aquatic environment and helps them gain basic aquatic skills.

Level 2—Helps children gain greater independence in their skills and develop more comfort in and around water.

Level 3—Helps children start to gain basic swimming skills to be comfortable in and around water.

LEARN TO SWIM COURSES

Learn-to-Swim (children 6 years through 14)

Designed to help participants achieve maximum success, Learn-to-Swim courses are based on a logical, six-level progression that helps swimmers of varying ages and abilities develop their water safety, survival and swim skills.

Level 1—Introduction to Water Skills - Helps participants feel comfortable in the water.

Level 2—Fundamental Aquatic Skills - Gives participants' success with fundamental skills.

Level 3—Stroke Development - Builds on the skills in Level 2 through additional guided practice in deeper water.

Level 4—Stroke Improvement - Develops confidence in the skills learned and improves other aquatic skills.

Level 5—Stroke Refinement - Provides further coordination and refinement of strokes.

Level 6—Swimming and Skill Proficiency - Refines the strokes so participants can swim with ease, efficiency, power and smoothness over greater distances. Level 6 is designed with "menu" options that focus on preparing participants for more advanced courses, including the Water Safety instructor course, or other aquatic activities, such as competitive swimming or diving. Each option also includes applicable water safety topics. Session I Personal Water Safety, Session II Fundamentals of Diving, Session III Fitness Swimmer.

*Instructors reserve the right to determine your child's level of performance and place them accordingly. Class size is limited.

ADULT LEARN TO SWIM

This program is designed for adults 15 years of age and older who wish to learn how to swim or just improve on their existing skills. Specialized instruction will be provided by a certified Water Safety Instructor.
