

### **Swim Suit Attire for Edinburg Municipal Waterparks Recreational visits.**

- Boys must have swim trunks, or shorts with a string that fit snug.
  - We do not want any trunks/shorts falling off while at the diving well or slide feature.
- Girls must have a one piece swimsuit, two piece swimsuit or burkini swimsuit in order to enter the water. As long as the shirt is majority White or Grey, it may be worn over swimsuits if desired. Shorts may also be worn over bottoms.
  - No sport bras
  - No bras
  - No shorts/bottoms without correct swimwear underneath

The new “swim suit” consisting of a matching dry fit shirt and shorts are not permitted for ages 7 & up. They provide no support and may be prone to undesired exposure of modesty and skin when at the diving well, slide, or leisure swimming. These swim suit covers also do not follow guidelines pertaining to only white or grey shirts allowed in the pool only as well.

The aquatic staff would have a very difficult time determining whether girls aged 7 & older would need to have support underneath these swimwear’s tying to be passed off as a two piece. This situation could lead to discrimination or inappropriate miss-understood harassment on the employee’s side. Which is the lead reason why they are not permitted across the board to ages 7 & up.
